

KNOWLEDGE ALLIANCE FOR UPSKILLING EUROPE'S SMES TO MEET THE CHALLENGES OF SMART ENGINEERING

SMeART is the short name for the project Knowledge Alliance for Upskilling Europe's SMEs to meet the challenges of Smart Engineering. In his 3-year project within the Erasmus+ programme Knowledge Alliances 15 HEIs, SMEs and chambers from seven countries have joined forces. Sole purpose of the project is to help European small and medium-sized manufacturing enterprises (SMEs) to evolve and supports them with various products on their way to becoming a smart enterprise.

LEARNING AND BUSINESS CONSULTANT NEEDS OF EUROPE'S SMES IN SMART ENGINEERING

Have you always wanted to know what European SMEs think about Industry 4.0 and what support they are asking from HEIs? SMeART's European study delivers background information and insights on the views with 257 European SMEs.
